## Newhard News

February 2011

### Happy Valentines Day

During this month of love, we would deeply appreciate it if you could remind your staff to advise us when a resident goes to the hospital or is discharged.

Weekends are for Emergency Prescriptions Only—since most physicians are not available on the weekends, we can only handle non-emergency prescriptions during regular office hours.

**Tussionex PennKinetic a commonly prescribed medication for cough has been released as a generic Hydrocodone Polistirex and Chlorpheniramine Polistirex PennKinetic extended release suspension.**

*To give you the best service, we need to know when a patient is almost out of a refill so please call early. We do our best to ensure none is ever without their medications but late orders make it difficult!. Don't wait until you run out, call early!*

Come Visit the Pharmacy at 7 pm on February 28th for an interesting Community Seminar on Cancer Screening presented by the Health Services Division of Valley Preferred, Allentown. All are Welcome!

**Please note the cut off time for same day deliveries is 3 PM.**

**The law requires us to keep all original narcotic prescriptions on file so please send/mail them to us at your earliest convenience.**

1001 Main Street Northampton PA 18067 Tel # 610 261 1777 Fax # 610 262 8501
